TESTIMONIALS

"My experience with the resume submittal service was great. My resume got a lot of exposure in many different fields and with the out of state submittal I got offered two different positions that were in my chosen field both offering a decent starting salary and a titled position."

-Tiffany Brooks, Harold Washington College (Chicago)

"The very next day after I signed up for the Resume Submittal program in late March, I received a couple of dozen of phone calls from recruiters who wanted to talk with me about career opportunities. I received well over 2000 email replies and they are still coming even now. Through the Resume Submittal Program, I have secured a contract position with consulting firm. I have not received any compensation for this testimony and would strongly recommend this service to anyone who is seriously looking for a job. Thanks"

Idris, Robert Morris College (Chicago)
